

## SAMPLE CALL SCRIPT

Hello. My name is \_\_\_\_\_, and I'm one of Senator Alexander's/Corker's constituents in Tennessee. I'm calling to express my dissatisfaction with the American Health Care Act that the House passed earlier this month. Like many Tennesseans, I am gravely concerned that this bill will negatively impact me, my family and millions of Tennessee residents. I'm also disappointed that the bill will leave 23 million Americans uninsured. I am against any attempts to repeal and replace the Affordable Care Act. *[Feel free to give personal reasons here]*. Please tell Senator Alexander/Corker to vote **NO** on HR1628, the American Health Care Act, and any bill that threatens to remove health care coverage from all citizens.
